The whole of these lands are under cultivation and have been for years. It would again be necessary for the Department of Lands to make clear its position before even offering the area to us. Referring to the letter of the Director of Lands, the reason no one would bid at any auction is that every body well knows that the same cultivators have been working this land intensively for years.

2. When the boundaries have been finally settled
and the land has been formally taken over by this
Department, it should be declared a forest reserve
and you should submit the usual reserve proposals.

3. The use to which the land will be put has
not yet been determined. Suggestions have been
made to utilise it partly for mulberry and walnut
plantations.

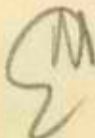

4. You should however meanwhile submit a detailed
description of the land together with any suggestions
you have to make. Under description you should
deal with the following points :-

- (a) Situation - accessibility to town, or village, roads.
- (b) Nature of vegetation.
- (c) Character of the soil and sub-soil.
- (d) Drainage.
- (e) Availability of water supplies.

SUBJECT :- Lands of Abu Zreik Arab Turkman.
REFERENCE :- Your Ag/209/25/4 dated 15.3.28.

The property in question is a valuable one, situated on the northern side of the Haifa - Jenin summer track, and forms a part of the Plain of Isdraelion.

The soil is a heavy dark clay loam, suitable for all winter and summer crops.

This land would have been valuable to this Department to take over, in order to utilise in various ways, i.e. a branch of an Agricultural Station where heavy clay soil is required or reserve for grass and hay production; but I understand that the property which the Lands Department refers is under cultivation since some time, by the cultivators of the neighbouring farms whom they ignore that the Lands Department owns property in this vicinity.

It would seem necessary that the Lands Department clears its title deeds and possession of the property first, and then we would take over, to avoid any expense which would naturally occur.
